

STAKEHOLDERS FEEDBACK ON THE FINAL DRAFT OF THE GUIDEBOOK

The following are some feedbacks on the final draft of this guidebook gathered during the nationwide validation workshops:

DILG - Region X . . .

“ The revised CLUP Guide are logically presented and can be easily understood. This will be surely utilized by the LGUs who will be updating their CLUPs.”

LGU - Region VIII . . .

“The draft guidelines is now “municipal-friendly”, provides clear steps and with less technical data requirements.”

NCR, Region VIII, Region X, Region VI participants . . .

“The steps provided allow for flexibility and creativity, hence generally acceptable.”

CARAGA participants . . .

- *It helps LGU to be fully aware of the importance/relevance of the CLUP;*
- *Critical issues has been given emphasis especially in the protection and management of the environment;*
- *It envisions transparency and accountability in the implementation of CLUP/ZO.*
